

BOSTON STRIKE IS AT AN END

Governor Crane and Civic Federation Bring About a Settlement.

CREDIT TO HANNA

Pledges That the Companies Will Take Back All of the Strikers.

TOILERS GAIN LITTLE

Boston, March 14.—The prompt settlement of the strike came as an agreeable surprise to every one concerned and this morning the strikers are applying for their old places and the congestion at the depots and wharves is being rapidly relieved. The strikers who returned to work on the Philadelphia docks threw down their tools after an hour and a half and refused to work with the non-union men who had been retained.

As the day advances much dissatisfaction is created by the failure of the men to secure their old places and it was announced that if matters did not adjust themselves to the satisfaction of all the various labor bodies would again call out the men.

Boston, March 14.—Boston's great industrial strike, which directly and indirectly kept over 40,000 workingmen out of work four days, was officially declared off at 10 o'clock last night.

An appeal was made Tuesday to Senator Hanna, head of the National Civic Federation, to assist in settling the strike. He responded that he would do anything in his power. He immediately got into communication with Secretary Easley of the federation, who was in New York, gave him instructions as to the course he was to pursue and sent him to Boston. The sequel lies in the peace declaration.

It is doubtful if any strike that was ever inaugurated in this country had so many miscarriages as did this one. Starting as a teamsters' strike two months ago, which was settled with the exception of one solitary firm, and breaking out again last Monday, when the New York, New Haven and Hartford Railroad ordered its freight handlers to unload the teams of this firm. The trouble had extended to more than a score of industries. To-day it is settled and the strikers find themselves exactly where they were two months ago.

That the civic federation has been an enormous factor in the settlement of this strike cannot be denied. From the moment Mr. Easley arrived in Boston the atmosphere began to clear, and by 4 p. m. affairs had assumed such a favorable aspect that a prediction was made that it would be the last day of the trouble.

At first the labor men present at the meeting refused emphatically to consider the agreement. They could not be brought to believe that Governor Crane could carry out what he promised in the agreement.

It was soon demonstrated, however, that Governor Crane knew whereof he spoke, and after Secretary Easley had a secret conference with the labor men they agreed to lay the matter before the Freight Handlers' Assembly for ratification. This was done at 9 o'clock last night, and after one hour's deliberation the agreement was accepted and the strike was officially declared off.

CECIL RHODES IS WEAKER TODAY

Oxygen is Applied Constantly to Keep Him Alive—Walesy Goes to South Africa.

Capetown, March 14.—Cecil Rhodes is weaker today. Oxygen is being applied constantly.

In another drive of Boers last Sunday by five columns of British, who are sweeping the country between Frankfort and Lindley. In Orange River Colony, the Boers escaped by stampeding a herd of cattle into the British lines. Fifty Boer stragglers and a quantity of store were captured.

London, March 14.—Field Marshal Wolseley, ex-commander-in-chief of the British army, will embark for South Africa tomorrow. He states he is going for his health, though it is believed he will make a confidential report as to the conditions in South Africa, when he returns.

REACHES AGE OF 103

Eau Claire Woman Is Still Strong in Health—Lives Amid Four Generations of Children.

Chippewa Falls, March 14.—Mrs. Julia Duplice, who lives with her daughter, six miles from here, today entered upon her 104th year. No special celebration marked the event. Though 103 years of age Mrs. Duplice is in good health and alive to all that goes on around her. She is surrounded by four generations of descendants.

SOLID DELEGATION FOR MAYOR ROSE

His Nomination for a Third Term, is Assured—Republican Caucuses in Milwaukee Today.

Milwaukee, Wis., March 14.—The democratic caucuses were held yesterday, and all delegates are for the re-nomination of Mayor Rose. The contests were for places lower down the line. Little is known this morning of the result, though the impression is that Alderman Graebner will be the nominee for city treasurer.

The republican caucuses are being held today. The contest between Mayor Charles H. Anson and Thos. H. Brown for mayor is certain to bring out a big vote. Both sides are showing the greatest confidence as to the outcome, and say they will be able to elect their man, once he is nominated.

While the fight is hot, the contestants on both sides declare that the nominee of the convention next Monday will be supported by a united party at the polls. If this be done Mayor Rose will have the fight of his life to secure a third term in the mayor's chair.

BRYAN HAS NOT ABANDONED HOPE

Some Conclusions Drawn from a Visit of Nebraska Statesman to House Yesterday.

Washington, D. C., March 14.—William J. Bryan was a visitor at the capitol yesterday afternoon. He held a reception at the house end, and was warmly greeted by democrats and republicans alike. Indeed, the latter were most noticeably cordial. Although Mr. Bryan's visit was wholly informal, as he was merely passing through the city on his lecture tour, his brief sojourn here has given rise to a great deal of interesting discussion. The most important features are:

1. Mr. Bryan advises the democrats to make imperialism their leading issue in the coming congressional campaign.

2. Mr. Bryan has not abandoned hope of being for the third time the nominee of his party for President.

As to the last, this is the impression which the hero of the two lost battles makes upon his friends. Men who are in his confidence and his warm supporters say he will be even willing to abandon free silver and run on an anti-imperialist platform. Most eastern democrats believe they have finally disposed of Mr. Bryan but his admirers will not think so. They predict that he will either be the nominee again in 1904 or will have a great deal to say as to who the nominee shall be.

RED LAKE INDIANS SELL THEIR LANDS

Government Buys Eleven Townships West of the Red Lake, Minn., Agency for \$1,000,000.

Solway, Minn., March 14.—Major McLaughlin has just arrived from the Red Lake Indian agency with the announcement that a treaty has been signed whereby the Indians sell to the government eleven townships west of the agency for \$1,000,000, one-quarter in cash within ninety days after ratification and the balance in \$50,000 installments.

EXCITEMENT IN BELOIT

Whole Town Turns From Factory Hunt to See a Hypnotist Perform.

Beloit, Wis., March 14.—Prof. Ahnsmeyer, claiming hypnotic control over human beings, took out a four horse rig this noon containing four of our leading citizens. He was going to do a trick in locating certain hidden articles. The horses got unmanageable and ran away with the whole outfit. Frank Van Wart, the well-known druggist was thrown out of the carriage and scraped up a considerable section of the muddy street with the broad side of his trousers. He was not hurt much but was somewhat bruised. The laughter and jeers of the crowd lined along the street hurt him more than the fall.

The team was stopped and the Professor completed his test of mind reading successfully. He is an old Beloit boy and has many friends here.

TO ELECT SENATORS BY A DIRECT VOTE

Bill Introduced in the Senate Today—Also Bill to Admit Three Territories as States.

Washington, D. C., March 14.—In the senate this morning Penrose of Pennsylvania gave notice of his intention to offer a resolution providing for the election of United States senators by a direct vote of the people, each state is to have at least two senators and one additional for every additional ratio of five hundred thousand people. The term of office is six years.

Chairman Knox of the House committee on territories was authorized by his committee today to introduce an omnibus bill providing for admission to statehood of Oklahoma, Arizona and New Mexico. The committee also authorized the introduction of a bill giving Indian territory a territorial form of government and changing the name to the territory of Jefferson.

LAST HONORS FOR ALTGELD

The Funeral Services Held Over ex-Governor at His Home.

WILL LIE IN STATE

Final Interment Will Take Place Next Sunday in Graceland Cemetery.

PROCESSION TO GRAVE

Chicago, March 14.—The funeral services over the body of former Governor John P. Altgeld took place at 3225 Maiden street, Sheridan Park, at 2 o'clock this afternoon. Rev. Frank Crane of the People's church officiating. The judges of the Cook county courts attended in a body, all court-adjourning at noon.

To-morrow morning Gov. Yates' staff, accompanied by the pallbearers, will escort the body to the public library building, where it will lie in state from 10 a. m. until 10 p. m. in the north end of the building, guarded by the honorary pallbearers. At 11 o'clock Sunday morning the body will be conveyed to its last resting place in Graceland cemetery, followed by a procession of civic and social organizations that may desire to participate. The public procession will accompany the body as far as Lincoln Park, where it will disband, and those desiring to go to Graceland will take carriages.

The services at the residence this afternoon were a simple, consisting only of short addresses by Dr. Crane and Clarence S. Darrow, Mr. Altgeld's law partner; a prayer by Dr. Crane and two solos by Miss Helen Goodrich, Matthew Arnold's "Stragglers" and Henshew's "Resurrection."

At the public library Sunday morning the German singing societies will render a few selections, and they will also sing at the grave, where a simple service will be held.

The funeral arrangements are in the hands of Clarence S. Darrow, William Thompson, Judge Prentiss, Joseph Brant, Martin Becker and George A. Schilling. The arrangement of the procession Sunday is in the hands of a special committee consisting of Judge E. F. Dunne, Peter Van Vliet, Thomas L. Kidd, Dr. Leopold Neuman, William H. Barnum, Major E. B. Tolman, M. J. Foy, Noble Gottlieb and Edward T. Noonan. The committee will have headquarters at parlor H, Sherman House, and they request that all organizations desiring to participate in the funeral procession Sunday morning will notify the committee early, stating the probable number who will attend, and receive the assignment of their place in the procession.

The committee also invites all societies and citizens who desire to participate in the procession to meet at the Michigan avenue and Randolph street corner of the public library building at 11 o'clock Sunday morning. The pallbearers, honorary and active, who will act Sunday have not yet all been selected. They will be from among the deceased's old friends and associates in public and business life.

The judges of the Cook county courts met in Judge Brentano's courtroom yesterday noon and adopted resolutions.

CLERGYMAN'S TOUR TO CHOOSE A WIFE

Rev. George W. Brownback of Reading, Pa., Has Resort to a Matrimonial Newspaper.

Reading, Pa., March 14.—The Rev. George W. Brownback of this city, who is making a tour of American and Canadian cities to select a wife from seven candidates, is a graduate of the Moody Bible Institute of Chicago. He has no regular charge yet but preaches at several places each Sunday.

Believing that to be successful in the ministry a clergyman should have a helpmate, and being unable to find his ideal in Reading, he inserted an "ad" in a matrimonial paper. Responses came in great numbers from all parts of the world. He received about 1,000 letters and nearly as many photographs. He dropped all but twenty-five candidates, gradually sifting the number to seven. These live at Hartford, Conn.; Glastonbury, Conn.; Denver, Del.; Gloucester Point, Va.; Wheeling, W. Va.; Erie, O.; and Toronto, Can.

Yesterday he left on a tour in which he will visit each of his correspondents and after his return home he will write the choice of his heart to come to Reading, where the ceremony will take place. He will perform his own marriage ceremony.

More Ships for British Navy. London, March 14.—The British admiralty has contracted with various shipbuilding companies for the construction of five first class and two third-class cruisers and two battle ships.

SHOE FACTORY NOW ASSURED

Committee Has Succeeded in Raising \$25,000 for Marzluff & Co.

SUM IS ACCEPTED

Firm Will Occupy the Entire Third Floor of the Upper Cotton Mill.

A MEETING TONIGHT

A report of the committee in charge of the raising of funds for the Marzluff factory will be made this evening at a meeting of the Janesville Business Men's association. The following notice has been issued by President L. B. Carle:

"The Janesville Business Men's association is hereby called to meet at the municipal court room this evening at 7:30 o'clock to hear the report of the committee having the Marzluff matter in charge."

"L. B. CARLE, President."

There is now no question but that Janesville will keep the Marzluff shoe factory. It was announced yesterday that the committee had practically succeeded in raising \$25,000 and that Messrs. Marzluff & Co. had decided to accept this amount and will begin work at once.

They have rented the entire third floor of the upper cotton mill and will begin at once to clear out the cotton machines, and put in the shoe machines. If they meet with no delay in getting started they will have things in running order in time to get out their fall samples. The committee from the Business Men's Association that have had the raising of this money in hand are deserving of great credit for the hard work they have done to keep Marzluff & Co. in this city.

Mr. Marzluff has demonstrated by his past success that he is a shoe maker in every sense of the word. He has built up from a small beginning a business that anyone might feel proud to be the head of. He has shown that as a business man he is conservative and progressive and has established a line of credit second to none in this city. He expects that within a year the factory will be employing from 150 to 175 hands and will show the citizens of Janesville that have taken stock in the venture that the factory was worthy of their interest.

Death of Henry Marriott

Baraboo, Wis., March 14.—Henry Marriott, who died here Wednesday of pneumonia, was president of the Sauk county Agricultural society and active in fraternal bodies. He was a member of the firm of Marriott Bros., and an Englishman, coming to Baraboo in 1876. The deceased was an alderman for three years and one of the most active members in securing the new bridge across the Baraboo river and other important city improvements. He was also treasurer of the Baraboo Telephone company.

TOBACCO GROWN IN THE NORTH

The Census Bureau Issues Report of Acreage Under Cultivation in the Year 1899.

Washington, D. C., March 14.—The census bureau has completed preliminary tables showing the acreage, production and value of tobacco grown in 1899 in the North Atlantic and western states. In the nine Atlantic states there were 17,872 farms reporting tobacco. They cultivated 53,783 acres of tobacco and raised a total of 79,272,234 pounds, of a value of \$8,222,051. In the eleven western states there were only 115 farmers growing tobacco, with a total acreage of 62, producing 31,810 pounds of a value of \$5,716.

TO TEST VALIDITY OF ICE TAX BILL

Arguments Being Made Before the Supreme Court Today—Agricultural Board Appointment.

Madison, Wis., March 14.—(Special)—Governor LaFollette today appointed J. L. Herbst of Sparta, a member of the state board of agriculture, to succeed Charles Linsie of LaCrosse. Mr. Herbst is secretary of the state horticultural society. In the supreme court today arguments were heard on the validity of the ice tax bill passed by the legislature a year ago. J. L. O'Connor, former attorney general, appearing for the contestant, the Knickerbocker ice company.

Richest Monarch in the World. Emperor William is undoubtedly the richest monarch in the world now that Queen Victoria's estate has been divided. He inherited more than \$30,000,000 from his grandfather thirteen years ago, which was well invested, and has since rapidly increased in value. He inherited another fortune from his father, the late Emperor Frederick. His wife is also rich.—Chicago Chronicle.

ENROLLMENT OF STATE UNIVERSITY

Big School at Madison Has One Hundred More Students Than Last Year.

Madison, Wis., March 14.—The university authorities have the annual catalogue in process of preparation. The proof sheets show that the total enrollment is 2,777, or 100 more than last year. When Governor LaFollette has filled the vacancies on the board of regents the entire book will be published. The college of letters and science has 1,176 students of this whole number; the college of law has 260, the school of pharmacy has 35, 169 are pursuing studies in the school of music and 126 are taking graduate work. The pharmacy department shows a slight falling off from last year and a decrease is recorded in the number of English freshmen.

The large increase is to be noted in the engineering department, about one-third more registering in the class of 1905 than in last year's freshman class. The graduating class of 1902 will be 330 strong from the regular courses including the law school.

JAMES YOUNGER CANNOT MARRY

Minnesota Convict Legally Dead—He Is Unable to Enter Into Any Contract.

St. Paul, Minn., March 14.—James Younger, Northfield bank robber, wants to get married. He cannot because he is legally dead; hence is unable to enter into any contract. Younger submitted the question of whether or not he could wed to Gov. Van Sant, who has looked into the matter, with some surprising results. In Minnesota a man who is a life prisoner is civilly dead.

The only way he can make any binding contract in the eyes of the law is through the board which paroled him. In this case the state board of control, which board is empowered to enter into a contract for him. It is not probable, however, that the three members of the board of control, separately or as a whole, will agree to enter into a marriage contract with any woman for the benefit of the paroled life convict.

The only way for Younger to become a married man in Minnesota is to get a pardon, which will restore him to the rights of a living citizen.

Another phase of the law is that neither James Younger nor his brother, Cole, if they establish any business of their own, as has been contemplated, can be held for any debts which they may incur.

In his application to the governor requesting information as to his rights to marry Younger said nothing about the proposed bride.

NELS HOLMAN HAS SPLENDID RECORD

Deerfield Man Announces His Candidacy for State Treasurer to Run with Whitehead.

Madison, Wis., March 14.—The anti-LaFollette republicans having decided upon the man who will head the state ticket turn to the names of those who will probably be before the convention for the other offices on the ticket. Governor LaFollette is acknowledged to be a favorite among the Scandinavian voters of the state.

For this reason it is almost certain that a Scandinavian will be put up and supported by the state wards and that the candidate will be Nels Holman of Deerfield of Dane county; there is little doubt. Nels Holman, publisher of the American, the leading Scandinavian newspaper of Wisconsin, this week announces the candidacy of Holman with a strong indorsement.

Holman has held a number of political offices in Dane county, and has been a member of the legislature. He is very popular and has a clean record among his neighbors. Dane county is a LaFollette stronghold, and it is believed that with Holman on the ticket he would at least split the LaFollette following in that county.

It is understood that the candidacy of Holman will be endorsed by leading stalwart newspapers within the next few days.

MINERS ACCEPT SCALE.

Illinois Men Agree to Work at Practically Last Year's Rate.

Peoria, Ill., March 14.—The United Mine Workers agreed to the ultimatum of the coal operators' association in the matter of a wage scale for the coming year in the Illinois district. The scale thus agreed upon is not materially different from that paid in this district last year.

After a convention lasting three weeks and two days the mine workers adjourned to meet in Peoria again next year.

For Sanitary Shavers.

Des Moines, Iowa, March 14.—The House passed, by a vote of 69 to 30, the bill creating a state barbers' commission. In case it becomes a law every barber in the state will be required to pass an examination to obtain a certificate. Examinations are to be held four times a year in the different cities.

SIX MILLION FOR LIFE INSURANCE

That Amount Paid Out by Wisconsin People in 1901.

HAD A GOOD YEAR

The State is Making War Against Fraudulent Foreign Investment Companies.

CHOICE OF PRESIDENT

Madison, Wis., March 14.—(Special)—Over six million dollars was paid out by Wisconsin people in 1901 for life insurance premiums in "old line" companies. A preliminary report just issued by Insurance Commissioner Giljohann, based on the reports of the companies, shows that all but three of the 26 of these companies doing business in the state had a profitable year in Wisconsin, the amounts received for premiums large by exceeding the losses incurred. The Connecticut Mutual Life, Minnesota Mutual Life, and the Travelers, are the only companies whose losses exceeded the premium receipts.

The largest business was done by the Northwestern Mutual Life of Milwaukee. Its figures for the year being: Risks written, \$4,645,758; premiums received, \$2,058,072.23; losses paid, \$327,553.25; losses incurred, \$305,956.48.

The stipulated premium, casualty and surety companies also show a good business for the year. The total figures for the business of 1901, compared with the previous year, are:

Foreign Investment Companies.

Foreign investment companies of a fraudulent character which are seeking Wisconsin victims cannot be reached by the law passed last winter for their suppression, are scored in the annual report of the state bank examiner, prepared by Deputy G. D. Dartz, and submitted to the governor late yesterday afternoon. An effort is being made to reach them through the postoffice department to which some of the correspondence had with them has been submitted.

Of the local building and loan association is the state praise is spoken in the report, as follows:

"The prosperous conditions have made money easy and the field formerly controlled by building and loan associations is more or less invaded. On reasonable security loans can be readily obtained from outside sources at a low rate of interest, which makes keen competition for these associations, and the indications are that if the business that belongs to a field of building and loan societies is retained by them they must take such rates as are demanded or offered their borrowing members. Realizing this, a number of the oldest associations have inaugurated rates and methods more favorable, while some are doing business on a straight six per cent. basis."

For Varsity President

The choice of a president for the state university seems to be no nearer a conclusion than it was when the regents met two months ago. Ex-Senator W. F. Vilas, who is a member of the committee of regents appointed to find a man, and who has himself been prominently mentioned for the place, said yesterday, when asked what had been done: "There is absolutely no change in the situation, except that there have been so many more inquiries, so much more talk, and nothing done."

DR. ARTHUR J. PULS VARSITY REGENT

The Complications Arising Over the Appointment of Judge Peroles Have Been Adjusted.

Madison, Wis., March 14.—The complications arising over the appointment of Judge J. M. Peroles as regent of the state university for the fifth district when he resided in the Fourth district were straightened out yesterday at Madison. Miss Alma J. Frisby of the Fourth District resigned and Judge Peroles was appointed in her place. Ex-Gov. Geo. W. Peck, having resigned several days ago, Miss Frisby was appointed to succeed Mr. Peck. Dr. Arthur J. Puls of this city was then appointed regent for the Fifth district, thus filling the last vacancy on the board.

MILTON

Milton, Wis., March 14.—The lecture at college chapel on Tuesday evening by Superintendent Harvey was listened to by a large and well pleased audience. The opinion seems to be unanimous that it was one of the most instructive productions to which Milton people have listened in years.

Detective King of the secret service department of the Milwaukee road was here this week to endeavor to put a stop to the practice freely indulged in by boys and young men of "flipping trains" at this station. This dangerous and unlawful habit had so increased as to bring it to the attention of the officials of the road and they decided to invoke the aid of the law. It is necessary to prevent the offense. It is to be hoped that those who have been indulging in the practice will desist after the warning given and not to oblige the company to take extreme measures.

The Milton high school was represented at the Broadhead declamatory contest by a delegation of sixteen and all were glad that the representative of Milton Junction won the prize.

The College basketball team defeated the best in Whitewater normal Wednesday afternoon in the college gymnasium by a score of 67 to 7. No doubt judging by the football record the normal lads expected a snap, and a snap it was—for Milton. Every college boy was in the game from start to finish, and it would be hard to say to whom the victory was due. The forwards Rood and Richey, played excellent ball, while Platts and J. W. Johansen, at guard, kept Milton's goal safe, and the former made two very long field goals. Polan at center, was a hard proposition for his opponent, and threw baskets almost at will. Whitewater's umpire was the best we have ever seen in the gym, discharging his duties impartially in all cases. A return game is scheduled at Whitewater, for next Wednesday, the 19th.

The board of trustees of Milton College held their regular monthly meeting Wednesday evening. Business of importance was transacted and an academic department authorized.

Mr. Robert Zierke spent a couple of days in Stoughton this week.

Miss Madge Pliffer, a beautiful young woman, whose home was at Edgerton, and Gustav Wehner, a young man who has been collecting in Milwaukee for the Universal Publishing company of Chicago were found dead together last Wednesday morning in the European hotel, at 530 Market street, Milwaukee.

Mr. K. Walker, the proprietor, both had been asphyxiated by gas from the gas heater in the room. A Mr. Emery says that the couple were married at Rockford, Ill., three weeks ago upon their return from a visit at Edgerton. He says the announcement of the marriage was not made, because Wehner was not a Catholic, and that the girl's parents were unwilling that she should marry a man of any other church.

UNION

Union, March 14.—Mr. and Mrs. E. J. Patterson desire to express their appreciation of the many kindly tokens of sympathy from their friends during their recent sad bereavement in the loss of their little boy, Roy.

Especially touching was the beautiful floral offering from his schoolmates and to them, and to the faithful friends who were so ready not only with hands but with hearts, to help them through the dark hour, they would say, "God bless you," and may they never know the sorrow that is now making their hearts too bleed.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedy. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When the tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that can be cured by Hall's Catarrh Cure. Send for circulars, free.

Eastern Star Study Class

Mrs. Frank B. Strickler and Mrs. Ben F. Carle were hostesses to members of the Eastern Star Study Class yesterday afternoon at the home of the former. Much merriment was caused by the guessing contest on "Illustrated Cities." Mrs. Carle sang very sweetly, "Don't Cry, Little Girl, Don't Cry," and Mrs. Strickler gave a pleasing selection with the Pianola. After a social time the ladies were seated at small tables decorated with smilax, and bouquets of red roses. (The class flower). Very choice refreshments were served and altogether it was a very delightful "social."

Examinations of Butter

Editor Gazette:—In your issue of yesterday you stated that the examinations of butter were made in creameries. Such was not the case. The examinations were made in grocery stores. With the exception of the above correction your article was substantially correct.

I would suggest that grocers buy butter by weight rather than by print. Then selling by weight there would be no reason for any unfairness complaint in the transaction either by creamery, grocer or consumer.

FRAMING CUBAN SUGAR TARIFF

House Factions Discuss Matters and May Reach a Compromise.

CHARGES AGAINST CLAYTON.

Ownership of Mining Securities Alleged to Interfere with Performance of Duty by Minister to Mexico—Experts speak for the Eight-Hour Workday.

Washington, March 14.—Peace between the warring factions of the House on the Cuban sugar question is almost arranged. A peace commission of Republicans, consisting of Representatives Payne, Bailett and Cannon on behalf of the advocates of Cuban reciprocity, and Representatives Metcalf of California, Taylor of Ohio, Morris of Minnesota, Dick of Ohio and Fordney of Michigan, met yesterday and for two hours discussed a compromise. Harmony prevailed and a disposition developed on both sides to promote an agreement that would be acceptable to all Republicans. The Sibley proposition for a 20 per cent cut until Dec. 1, 1903, was accepted by mutual consent as a basis for a compromise. The sugar beet representatives made it clear that if the Cubans require assistance it can be extended by a rebate or bounty as effectively as by a direct reduction in the tariff.

The representatives of Cuban reciprocity treated the Sibley solution as broadly acceptable, but criticised the proposition of the opposition for a rebate of 20 per cent of the duties collected on the ground that such an arrangement would be unconstitutional. No agreement was reached at the conference, and adjournment was taken until to-day. Progress is being rapidly made, and it is evident that the advocates of Cuban reciprocity have the situation well in hand and can dictate terms, though they are favorably inclined toward a compromise.

A Cuban reciprocity bill, reported to represent the views of extreme opponents of the sugar trust, was introduced in the House by Mr. Siler of New York. It provides that the President may negotiate an arrangement with the Cuban government under which the sugar schedule in the Dingley tariff bill will be amended so as to remove the color restriction. The dividing line in the present law is placed at No. 16 Dutch standard, sugars above that being classed as refined and those below as not refined. By enabling Cuban sugars above No. 16 Dutch standard, that would test by the polariscope 95 or 96 pure, to come in as not refined, the friends of the bill assert the sugar trust would be unable to profit, and that the gain would be entirely with the Cuban planters.

Discrete Appropriations.
Washington, March 14.—General debate upon the postoffice appropriation bill was closed and consideration of twelve of the twenty-seven pages of the bill was completed. No amendments were adopted. The principal portion of the general debate was devoted to the discussion of the appropriations for several small facilities. Mr. Jenkins (Wis.) presented a detailed statement of the reasons for his theory, that Cuba is now under the sovereignty of the United States.

The annual discussion of the items for additional compensation for special mail facilities between Washington and New Orleans and Kansas City and Newton, Kan., was inaugurated in a speech by Mr. Crumpacker (Ind.) in opposition to the special appropriations. The amount of these appropriations was reduced in the present bill from \$196,000 to \$167,000 because of the abandonment of the subsidy between New York and Washington.

Mr. Underwood (Ala.) defended the subsidy to the Southern railroad on the ground that it was absolutely necessary to give the South quick mail facilities.

Mr. Smith (Ill.) discussed the subject of penny postage, and Mr. Sulzer (N. Y.) and Mr. Fitzgerald (N. Y.) urged the immediate necessity of a new postoffice building in New York city. Mr. Cochran (Mo.) then made a fervent speech denouncing the course of the administration on the Boer war.

Before adjournment at 5:10 o'clock, a resolution was adopted to authorize the president to invite the families of Marshal Rochambeau and Marquis de LaFayette and the people of France to be present at the unveiling of the statue of Marshal Rochambeau in Washington, May 24, 1902, and appropriating \$20,000 to carry out the purposes of the resolution.

Action by the Senate.
Washington, March 14.—In the senate the conference report upon the diplomatic and consular appropriation bill was agreed to. Senator Morgan reported the Hepburn Nicaragua canal bill without amendment, and said the report of the committee would be the report of the committee would be of minor bills were passed without objection.

Consideration of the ship subsidy measure was then resumed. Mr. Berry of Arkansas, a member of the commerce committee, which reported the bill, made a vigorous argument in opposition to it. He became involved in a colloquy with Mr. Hanna, who maintained that the ships acquired by Mr. Morgan from foreign countries could not participate in the subsidies provided by the bill. Mr. Perkins of California, another member of the commerce committee, delivered a carefully prepared speech in support of the bill, maintaining it would add to the prosperity of the entire country.

Mr. Penrose favorably reported the Chinese exclusion bill and it was placed on the calendar. Then the senate went into executive session, and at 5:25 p. m. adjourned for the day.

Discuss Eight-Hour Workday.

Washington, March 14.—Representatives of labor occupied most of the time before the House committee on labor in advocacy of the bill establishing an eight-hour day for work on government contracts. Mahlon M. Garland of Pittsburg and Joseph E. Ralph of Washington spoke as experts in the manufacture of steel and maintained that eight-hour shifts were entirely feasible. President Gompers of the Federation of Labor presented many letters showing the labor sentiment for this measure. At the afternoon session the committee heard three of the foremen of various branches of Cramp's shipyard, who stated that eight-hour shifts would interfere with government work.

Charges Against Clayton.

Washington, March 14.—Ownership of Mexican mining stock which affects his action in connection with the protection of American interests in Mexico is the serious allegation against Ambassador Powell Clayton which was filed with the state department by Senator Nelson of Minnesota. The further allegation is made that Mr. Clayton has misrepresented the conditions existing in Mexican prisons for the purpose of preventing the successful prosecution of a claim for indemnity by an American citizen against the Mexican government. Mr. Clayton has powerful friends in Washington, who insist that an investigation will vindicate his course in Mexico.

Work on Exclusion Bill.

Washington, March 14.—The House committee on foreign affairs voted against considering the bill of Representative Sherman of New York continuing the existing Chinese exclusion law, and then voted to proceed by continuous sessions with the consideration of the Mitchell-Kahn right exclusion measure, having the endorsement of the Pacific coast Senators and members. The vote against the Sherman bill is understood to have been 6 to 7. The consideration of the Mitchell-Kahn bill is likely to proceed uninterruptedly until results are secured.

Gen Young Promoted.

Washington, March 14.—By direction of the President, Major B. M. Young has been relieved from the command of the department of California and ordered to this city to assume the presidency of the army war college, which is to be established at Washington barracks, provided the necessary funds are appropriated by Congress. Gen. Young is regarded as one of the ablest and most progressive general officers in the army, and was specially selected by the Secretary of War to organize and direct the proposed war college.

State Suffrage Laws.

Washington, March 14.—Representative Crumpacker of Indiana introduced a resolution authorizing the speaker to appoint a special committee of thirteen members to investigate suffrage laws of the several states, and whether the right of suffrage is abridged or denied in any way. A somewhat similar resolution was agreed upon by a House Republican caucus at which a majority of members was not present, but no action was taken on it by the House committee on rules.

Troops to Suppress Italian Strikers.

Venice, March 14.—Detachments of cavalry left Padua for the districts disturbed by the strike of agricultural laborers. Troopers have left Ferrara to enforce order in the Coppato district.

Uncle Sam's Mail Service

requires physical and mental ability of a high degree to withstand its hard labors. The high tension to which the nervous system is constantly subjected, has a depressing effect, and soon headache, backache, neuralgia, rheumatism, sciatica, etc., develop in severe form. Such was the case of Mail Carrier S. F. Sweinhart, of Huntsville, Ala., he says:

"An attack of pneumonia left me with muscular rheumatism, headache, and pains that seemed to be all over me. I was scarcely able to move for about a month when I decided to give Dr. Miles' Pain Pills a trial. In three days I was again on my feet and in two weeks I was free from pain and gaining in flesh and strength."

CANCEROUS ULCERS

Are in many respects like other ulcers of sores, and this resemblance often proves fatal. Valuable time is lost in fruitless efforts to heal the sore with washes and salves, because the germs of Cancer that are multiplying in the blood and the new Cancer cells which are constantly developing keep up the irritation and discharge, and at last sharp shooting pains announce the approach of the eating and sloughing stage, and a hideous, sickening cancerous sore begins its destructive work.

No ulcer or sore can exist without some predisposing internal cause that has poisoned the blood, and the open discharging ulcer, or the festering sore on the lip, cheek or other part of the body will continue to spread and eat deeper into the flesh unless the blood is purified and the Cancer germs or morbid matter eliminated from the circulation.

S. S. S. cleanses the blood of all decaying effete matter. It has great antidotal and purifying properties that soon destroy the germs and poisons and restore the blood to its natural condition. And when pure blood is carried to the ulcer or sore the healing process begins, the discharge ceases and the place heals over and new skin forms. S. S. S. is a strictly vegetable blood purifier containing no mercury or minerals of any description.

If you have an ulcer or chronic sore of any kind, write us about it, medical advice will cost you nothing. Books on Cancer and other diseases of the blood will be sent free.

NEURASTHENIA!

A COMMON COMPLAINT THAT COVERS
A MULTITUDE OF ILLS.

Such as Nervous Debility, Lack of Vitality, Lost Energy and Manhood Impotency, Brain Fag, Nervous Exhaustion, Etc.

While Both Men and Women Are Subject to Its Awful Effects, All Can Be Restored by the Simple Transference of Vital Magnetism, as Posseessed by the Boy Phenomenon Now in Janesville.

Today there is passing in review before our eyes such a panorama of marvelous cures in the world of natural healing that while we stand confused and amazed, we are forced to believe our own eyes, and it must be patent to all who have given the subject attention, that the advancement made by the Boy Phenomenon, in the science of magnetic healing eclipses all others, and accounts in a measure for his fame towering above like a shaft of ivory to the clouds away above, and beyond conception.

His magnetic force is so strong and subtle in its effects that he cures often by a single treatment.

He stands unapproached and unapproachable, meeting with the most signal and surprising success after all others have failed, without a competitor in the dazzling noontide of his brilliant career. The light of the marvelous cures he has accomplished is indeed a revelation to the sick, astonishing to the most incredulous and converting the rankest skeptic to his most enthusiastic follower.

If you are afflicted and not just sure what your trouble is, or if you are sure and have been disappointed in other methods, stop guessing and have a consultation with a physician whose vast amount of practical experience peculiarly fits him to judge of the curability of a case as soon as he sees it.

Do not drag along a wretched existence of doubt and uncertainty that preys upon your mind and unites you for business and social duties. Be absolutely certain that you know the nature of your disease. If your fears are groundless he will tell you and restore your peace of mind. If you cannot be cured he will so advise you and save you future expense as incurable cases are never taken for treatment.

Magnetism exerts a most important influence directly upon the Nervous System, of a tonic and invigorating character, bracing and tranquillizing the Nerves. One of the first effects is an increase in the Nervous Tone and Vital Energy, while a soothing current of magnetism gently steals through every fibre and muscle, infusing new life into the worn out, debilitated system, refreshing the brain and promoting vigorous action throughout. For nervous weakness of men the current is directed to and through the vesicles, prostate and other glands, the beneficial effect being at times almost instant, all of which is followed by a feeling of unusual comfort and strength.

Those who desire the services of this wonderfully gifted young man should lose no time in calling, as his time is being rapidly filled. While he will remain in Janesville several weeks longer no new cases will be taken after this week. His office hours at the Hotel Myers are from 7 a. m. to 8 p. m. daily except Sunday.

INTENSE SUFFERING.

From Dyspepsia and Stomach Trouble. Instantly Relieved and Permanently Cured by Stuart's Dyspepsia Tablets

A New Discovery, but Not a Patent Medicine

Dr. Redwell relates an interesting account of what he considers a remarkable case of acute stomach trouble and chronic dyspepsia by the use of the new discovery, Stuart's Dyspepsia Tablets.

He says: "The patient was a man who had suffered, to my knowledge, for years with dyspepsia. Everything

he ate seemed to sour and create gases in the stomach. He had pains like rheumatism in the back, shoulder blades and limbs, fullness and distress after eating, poor appetite and loss of flesh; the heart became affected, causing palpitation and sleeplessness at night.

"I gave him powerful nerve tonics and blood remedies, but to no purpose. As an experiment I finally bought a 50c package of Stuart's Dyspepsia Tablets at a drug store and gave them to him. Almost immediately relief was given, and after he had used four boxes he was to all appearances fully cured.

"There was no more acidity or sour, watery things, no bloating after meals the appetite was vigorous and he has gained between ten and twelve pounds in weight of solid, healthy flesh.

"Although Stuart's Dyspepsia Tablets are advertised and sold in drug stores, yet I consider them a most valuable addition to any physician's line of remedies, as they are perfectly harmless and can be given to children or invalids or in any condition of the stomach with perfect safety, being harmless and containing nothing but fruit and vegetable essences, pure pepsin and Golden Seal.

"Without any question they are the safest, most effective cure for indigestion, biliousness, constipation and all derangements of the stomach, however slight or severe."

Defaults for \$100,000.

Toledo, O., March 11.—F. E. Brady, the missing manager of the Imperial Savings company, is declared to be a forger and defaulter to the amount of \$100,000. This fact became known after an investigation by trustees of that institution. Brady is thought to be in Chicago or South America. His plans were particularly successful. He would forge a note and give security for it by a mortgage signed by himself for the savings company. Many of his spurious signatures were poor imitations, but none was questioned until after his disappearance.

Wants War Claim Paid.

Marion, Ind., March 11.—John Pierce has filed a claim with Congressman Steele for \$37,500 for the burning of Pierce's boats on the Kentucky river by Union soldiers during the Civil War. By special act Congress is to be asked to allow the claim. Pierce was a loyal union man. He says he was rendered bankrupt by the burning, which was ordered by the government.

Indians Sell Land.

Solway, Minn., March 14.—Major McLoughlin has just arrived from the Red Lake Indian agency with the announcement that a treaty has been signed whereby the Indians sell to the government eleven townships west of the agency for \$1,000,000, one-quarter in cash within ninety days after ratification and the balance in annual \$50,000 installments.

Abductor Arrested.

Austin, Tex., March 14.—Adolph Elliott, said to be the absconding cashier of a Chicago bank or firm, has been arrested in Tuxpan, Mex., and will be brought to Guadalajara to await extradition to the United States. It is reported that he is \$150,000 short in his accounts and that he lost heavily in copper speculation.

New Home for Railway Mergers.

Des Moines, Ia., March 14.—By a vote of 37 to 7 the senate passed the Molsberry bill, which removes the limit of indebtedness that may be incurred by railways. This measure is generally believed to have been fostered by the Northern Securities Company with a view of making Iowa the future home of the railway merger.

Missouri Pacific Train Wreck.

Sedalia, Mo., March 14.—A mixed Missouri Pacific train on the Versailles branch was wrecked by a broken rail near Fortuna, five and a half miles from Tipton. An express car and one passenger coach were turned upside down in a ditch. Twenty-four persons were injured, but none fatally.

Accept Chinese Indemnity.

Peking, March 11.—The bankers' commission accepted the February installment, amounting to 1,820,000 taels, of the Chinese indemnity, greatly to the satisfaction of the ministers of the powers.

ILLINOIS CROP REPORT.

Wheat-Growing Sections Show Plant Is in Excellent Condition.

Springfield, Ill., March 11.—Reports received from the Department of Agriculture under date of March 10 from the wheat growing section of the state indicate that this crop is in excellent seasonable condition, being 76 per cent of a full average for this time of year. While the plant generally is small it is of good color, with strong roots, and ready to make vigorous growth as soon as the weather is favorable. Central Illinois reports the crop as in somewhat better condition than the southern division, the condition of the two sections being 80 and 72 per cent respectively. No complaint of winter killing was received.

Fruit—A most excellent outlook for apples is reported. So far as can be estimated now 92 per cent of an average crop may be expected. The peach prospect is very poor, many of the trees being killed. Many counties report an entire failure. Taking the state as a whole, the March condition indicates but one-fifth of a crop.

Nearly three-fourths of a crop of strawberries may be expected, a number of counties reporting 100 as the March condition. No reports of winter-killing were received, but the drought last summer was very disastrous to vines and little or no growth was made. Southern Illinois suffered most severely from this cause.

Marion Democratic Ticket.

Marion, Ind., March 14.—The Democratic city convention was held last night and the following city ticket was named: Mayor, John Kiley; clerk, Thomas J. Ryan; treasurer, Walter Weaver; councilmen, W. C. Hornald, Edward J. Haley, James Long, Harry Wilbrook, Richard M. Beck, William Fitzgerald, Harrison Estep, J. T. Rademaker, W. E. Williams, Darius Lillard.

Left \$500,000 to Employees.

London, March 14.—James Dick, the so-called "rubber king," who died at Glasgow March 7, bequeathed £100,000 for distribution among his employees and the bulk of the balance of his fortune goes to charities. His cashier gets £2,000 and other domestics are remembered. The clerks get from £300 to £500 each.

Dressmakers Form Union.

New York, March 14.—Over 300,000 dressmakers have announced their intention of forming a union that shall include the whole of the United States. At a meeting here the first active steps were taken toward this latest coalition in the industrial world.

Rev. Dr. Talmage Is Very Ill.

New Orleans, March 14.—Rev. T. De Witt Talmage, who was brought here sick from Mexico in charge of Mrs. Talmage and a physician, is reported to be only slightly better. He is scarcely able to speak above a whisper.

Schley to Be Guest of Honor.

New York, March 14.—Rear Admiral Winfield S. Schley will be the guest of honor at the fourth annual banquet of the Maryland society of New York at Sherry's on Wednesday, April 3.

First Boat to Mackinac.

St. Ignace, Mich., March 14.—Captain McCarty, with the Loraline L., made the first trip to Mackinac Island Wednesday. Last year it was April 5 before the boat reached the island.

KEEP STRONG

Vinol is a Wonderful Tonic and Strengtheners.

The Reason Why We Endorse It So Emphatically.

We have had considerable experience in being able to watch the effects produced by various tonics. We can emphatically state that we know of nothing that will act as a general restorer, strength restorer and flesh creator, better than Vinol.

When we feel as sure as we do of the good that can be accomplished by this scientific remedy, it would seem strange that we not endorse it and recommend it as highly as we are continually doing.

It is painful for us to see any of our friends or fellow townpeople, weak and debilitated and unable to enjoy life and in a condition where they are apt to succumb to some serious illness, when we feel as sure as we do, that if they would but take Vinol, they would find it to be a strength builder and a health maintainer.

We know that Vinol contains in a highly concentrated form, those important medicinal elements that have always made cod liver oil famous. We know also that Vinol does not contain grease and is delicious to take and we know that of all of hundreds of people who have been cured and made strong by it, here is one of many.

Mrs. G. W. Henry, 205 First Ave., Joliet, Illinois, says:

"I take the greatest of pleasure in recommending such a fine tonic and strengthening medicine as Vinol. I felt run down and was always tired. I had no appetite and did not seem to digest the food I ate properly. I have been taking Vinol for about two weeks and feel strong and well. I now thoroughly enjoy my meals and my domestic and social duties, which used to fatigue me, are now a source of pleasure. I am now a sincere friend of Vinol."

When we talk of Vinol, we know whereof we speak and will refund your money if you are not satisfied after giving it a fair trial, that what we tell you about it is absolutely true.

ANXIOUS FOR ANNEXATION.

Natives of Danish West Indies Want the Sale Consummated.

Copenhagen, March 14.—Confidential reports received here from the Danish West Indies declare there is intense excitement among the negroes of those islands over the sale owing to their belief that it will mean universal suffrage and office holding. There are fears of insurrection, and serious trouble, according to these reports, if the treaty is defeated.

The treaty providing for the sale of the islands to the United States came up for the first time in open session in the Folketing yesterday.

The Premier and Foreign Minister, Dr. Deuntz, replying to several speakers, said Denmark acted in the best interests of the islanders in negotiating the treaty. Denmark, in fact, was merely receiving compensation for her obligations in connection with the islands. The United States had acted in the best faith and with friendliness throughout the negotiations. The Minister felt assured the great republic could and would give the islands a better position in the world than they had enjoyed before. M. Nieben, in advocating the treaty, said that Denmark recognized its limitations. Its right and ability to maintain its position among the nations depended upon conditions other than the possession of foreign islands.

Other speakers favored the treaty, some demanded that a plebiscite be taken, while still others opposed the sale altogether.

Earthquakes Destroy Two Towns. Vienna, March 14.—A dispatch to the Neue Freie Presse from Constantinople announces that the town of Kyankari, northeast of Angora, in Asia Minor, was destroyed by an earthquake March 12. No details of the disaster had been received. Kyankari had 20,000 inhabitants.

Constantinople, March 14.—The town of Tchengeri, in the province of Kastamouni, Asia Minor, was totally destroyed by an earthquake on March 8. Four persons were killed and 100 were injured.

First Fight at Urbana Primaries.

Urbana, Ill., March 14.—The Republicans of Champaign county met yesterday in a political fist fight at the regular township primaries. The trouble arose over the chairman of the township committee attempting to run the meeting with a high hand. The bulk of the party took action after twenty-five ballots had been cast and the Republicans at the convention soon had control. The ousted division of the party held their election with meager results and last night the candidates for township offices were doubly elected.

Prince Henry Will Return.

Washington, March 14.—Secret Service Chief John E. Wilkie, who was the constant companion of Prince Henry of Prussia during the three weeks the royal visitor was in this country, expects to see the Kaiser's brother in America again. "He would make a good American citizen," said the chief, "and he said when he left that he would come back again and look at those things which he did not see this time. His next visit will be incognito."

Spanish Cabinet Resigns.

Madrid, March 14.—The premier, Senor Sagasta notified the queen regent that the cabinet had resigned when informed that the resignation of the finance minister, Senor Urzala, was irrevocable. Her majesty asked Senor Sagasta to form a new cabinet, to include all sections of the liberal party, but he declined to do so. The queen regent will now consult with the presidents of the chambers, in the hope of finding a method to secure a representative liberal ministry.

General Methuen Released.

London, March 14.—Lord Kitchener in a dispatch to the War office, dated yesterday, says: "General Methuen was brought to Klerksdorp to-day. He is doing well. Everything possible is being done for him."

If General Methuen has been released unconditionally it is believed that Delarey's magnanimity will be recognized by the immediate release of one of the captive Boer generals, either Cronje or Viljoen.

Explosion Cut Short.

Springfield, Ill., March 14.—Abraham Boch, one of the wealthiest farmers in Logan county, arrived in East St. Louis in time to prevent the marriage of his granddaughter, Anna Boch, aged 15, and Robert Weatherholt, aged 19, who had eloped to that city several days ago. Weatherholt will be brought to this city and lodged in jail on a charge of abduction.

More Gold for 'Fiscen.

New York, March 14.—Additional deposits of gold, amounting in the aggregate to \$750,000, were made in the treasury for telegraphic transfer to San Francisco. This makes a total of \$2,000,000 thus far deposited for transfer to San Francisco. The shippers are Laidlaw & Co. and J. & W. Seligman & Co.

Portuguese Troops Free Slaves.

SPECIAL SUIT OFFERING

Saturday, Mar. 15.

WE ARE going to make our spring's business the biggest of the year. To acquire this result we must be active. We place on sale Saturday all the newest creations in this spring's suitings made of the choicest materials in all wool fabrics that the market affords. Not one thing has been forgotten to make our clothing perfection in every detail. Not one thing has been omitted that would help the wearing qualities, but what has been added to our line. We would be pleased to show you, (more pleased to sell) but that is a secondary consideration, we really want you to know how complete our line is.

No. 1—Special Fancy Worsteds in plain and pin striped effects, handsome designs for spring showing, genuine Hair cloth front, all wool material, \$16.50, Saturday... **\$14**

No. 2—Special Black and Blue Serges and Worsteds, both narrow and wide wale, also fancy Cassimeres Worsteds, and Chevlots, each and every suit made up in the same good way as our higher priced goods. We have marked them very low at \$12.50, Saturday... **\$10**

No. 3—A Special large showing of young men's Suits, pretty patterns by the score, made and trimmed correctly, they have the snap, the fit so much desired by all. Every suit with genuine hair cloth stiffener in front, they can't break down. Just as good as tailor-made, the only difference is half the price. \$12.50, \$13.50 suits for... **\$10**

No. 4—The Exceptional Offer. All our 8.50 and \$9 Suits, spring styles, choice all wool material in Clay Worsteds, fancy Chevlots, and pin stripes, Saturday... **\$7.50**

If you anticipate buying a Suit for Spring, we wish to have you give us a chance—better goods for the money cannot be found. Every article we sell has our personal guarantee. Hence you cannot go wrong.
